

Jessica Parent, LMSW

Jessica Parent, LMSW is a clinical social worker with experience working with children, adults, and families. Jessica brings experience in mental health and community resources, and she is excited to share this knowledge within a patient centered medical home. Jessica is currently working with adults who need support for anxiety, depression, life changes and adjustments, and managing chronic illnesses. Jessica holds her bachelor's degree in Psychology from Olivet College and a Master of Social Work degree from Western Michigan University.
